Greetings from SHARE

We are glad to invite you to the Winter Session of the Heartian Research Meet organised by SHARE (Sacred Heart Advanced Research Endeavour) and hosted by the P.G. & Research Department of Zoology, Sacred Heart College, Thevara.

Heartian Research Meet provides a platform for researchers from all disciplines and in all stages of research to present their work and exchange ideas. Through the meet, scholars can apprise the college's research community about their work progress since the Monsoon session held in August, 2020. Research Guides and scholars from various disciplines are requested to ensure their participation and presentation. It is mandatory for all research scholars to be present as part of quality assurance. For any further clarification, please feel free to contact the programme coordinators.

We eagerly await your participation in the Research Meet

Thanks & regards
