

World Wetlands Day Celebrations (02/02/2016)

Bhoomitrasena club of Sacred Heart College observed World Wetlands Day by organising a symposium on February 2nd, which has been declared as the world wetland day. Wetlands are one of the world's most important environmental assets, containing a disproportionately high number of plant and animal species compared to other areas of the world. Throughout history they have been integral to human survival and development. Wetlands are vulnerable to overexploitation due to their abundance of fish, fuel and water. The rate of Loss and deterioration of wetlands is likely to intensify in the coming decades due to increased global demand for land and water, as well as climate change. Bhoomitrasena club which has continuously and tirelessly worked for instilling a passion for nature in students celebrated the day with lectures and different inter-collegiate competitions in collaboration with KSCSTE based on the focal theme "Wetlands for Our Future". The event was well received by the students.

Brochure

<p>Prizes (Certificate+cash Prize+medal) First Prize: 1000 Rs. Second Prize: 750 Rs. Third Prize: 500 Rs.</p> <p>Rules</p> <ul style="list-style-type: none">For Debate competition one student should speak in favour of the motion and the other against it.
