

Observance of World Environment Day (05/06/2015)

The Department of Botany, Sacred Heart College and Kerala Pollution control board jointly organised a seminar on world environmental day on 5th June 2015. Tree saplings were planted by teachers and students and saplings were distributed among students. Talks on conservation of the environment were also held as part of the celebrations. The aim of the programme was to create awareness among students on the conservation of our environment and to familiarise them with the Go Green policy of the college.
