

## **DISTRIBUTION OF VEGETABLE SAPLINGS IN GROW BAGS**

**14.12.2018**

As a part of the campaign to encourage the public to maintain their own kitchen garden, the NSS volunteers distributed 60 growbags with saplings to households who had space to keep a vegetable garden. For those who did not have any means to get soil to fill the bags, soil from college ground was taken and required nutrients along with a sapling was added. The residents were happy to receive the growbags.
