4. Ms. Anjana N. S
5. W. Anju S. G
6. Dr. Remya R

Joshy Cheriyan  
Manoj  
James  
Anjana  
Anju  
Remya

The meeting started with syllabus review by Dr. T. J. James and the following decisions were made

1. Revision of the syllabus by 2020
2. Thrust was given to impart solution based training to students rather than merely discussing the issues confronted.

3. A separate course on EIA was planned to be incorporated in the syllabus as a part of revision.
4. Waste Management techniques to be incorporated in the Practical session.
5. Merging Statistics with Computer proposed.
6. Field study can be a result oriented continuous case study to find a solution to any environmental damage.

An add on course on 'Ecosystem-Degradation Risk Reduction Climate Change Adaptation' is being planned to be introduced as a part of the curriculum in the next academic year itself (June 2019) and was decided to submit to the Academic Council for approval.

The meeting ended at 5:00 pm with a vote of thanks by Dr. Remya.
