Curriculum: 2016

Student Feedback Analysis

(a) Our concerns in the order of priority:-

- Q9: The curriculum is designed to develop ability to analyse real life issues. **(61.8%)**
- Q7: The curriculum sufficiently motivates for further study and research **(60%)**
- Q6: The electives offered are relevant to the core subject and are useful for the specialisation of a subject domain. **(44.2%)**
- Q5: The curriculum designed for the programme encourages extra learning /self learning. **(44.1%)**

(b) Suggestions for curriculum improvement from students:-

1. More recent and relevant topics to be included.
2. Need for practical application level syllabus.
3. A more practical methodology-based case studies and real-life situations can be used.
4. It would be nice if some practical learning is included in the course.
5. More practical application can be brought in the syllabus. Technically advanced methodologies can be promoted.
6. A more practical methodology based on case studies and real-life situation can be adopted.
