Sacred Heart College (Autonomous)

Department of Economics

Course plan

BACHELOR OF ARTS - ECONOMICS

Academic Year: 2016 - 17

Semester V

PROGRAMME	BA ECONOMICS	SEMESTER	5
COURSE CODE AND TITLE	U5CREO07: QUANTITATIVE TECHNIQUES FOR ECONOMIC ANALYSIS	CREDIT	5
HOURS/WEEK	6	HOURS/SEM	108
FACULTY NAME	Dr. K V Raju		

COURSE OBJECTIVE

Helps understand the role of statistics in economic analysis
Students will be able to identify, explain, and use economic concepts,
theories, models, and data-analytic techniques.
Students will acquire the knowledge of economics, mathematics, statistics,
and computing flexibly in a variety of contexts thereby providing the
foundation for success in their studies and careers.
Students will develop the skills to measure and analyze statistical data in
order to draw conclusions about various economic problems.
Students will develop the necessary skills for preparing questionnaires,
collection and classification of data and presentation in charts and graphs.
Students will acquire the skills to deliver effective presentations in which
they combine visual communication design with oral arguments and/or the
written word.

SESSION	TOPIC	LEARNING RESOURCES	VALUE ADDITIONS	REMARKS		
	MODULE I					
1.	Introductory session	Lecture				
2.	Introduction to statistics	Lecture / power point	Q & A Session			
3.	Statistics in singular sense	Lecture / power point				
4.	Statistics in plural sense	Lecture / power point				
5.	Role of statistics in economics	Lecture / power point				
6.	Role of statistics in economics	Lecture / power point				
7.	Functions of statistics	Lecture / power point				
8.	Limitations of statistics	Lecture / power point				
9.	Statistical data	Lecture / power point				
10.	Primary and secondary data	Lecture / power point				
11.	Census method and sampling method	Lecture / power point				

13. Methods of primary data collection Lecture / power 14. Methods of primary data collection Lecture / power 15. Sampling techniques Lecture / power 16. Random sampling Lecture / power 17. Random sampling Lecture / power 18. Non random sampling Lecture / power 19. Non random sampling Lecture / power 10. Non random sampling Lecture / power 10. Non random sampling Lecture / power 10. Non random sampling Lecture / power 11. Preparation of questionnaire Lecture / power 12. Preparation of data Lecture / power 12. Individual , discrete and continuous series Lecture / power 12. Individual , discrete and continuous series Lecture / power 12. Construction of frequency tables Lecture / power 12. Construction of frequency tables Lecture / problem 12. Construction of frequency tables Lecture / problem 12. Construction of frequency tables Lecture / problem 12. <th>12.</th> <th>Methods of primary data collection</th> <th>Lecture / power</th> <th></th> <th></th>	12. PROGRAM	BACHELOR OF ARTS	SEMESTER	5
	ECONOMICS		
COURSE CODE &	U5CRECO8 PRINCIPLES OF	CREDIT	4
TITLE	MACRO ECONOMICS		
HOURS / WEEK	5	HOURS/SEM	85
FACULTY NAME	MADHUSUDHANAN NAIR M S		

COURSE OBJECTIVES
Explains the National Income concepts and measurement of National Income
Analyses the circular flow model
Evaluates the contributions of classical economists in macro economics
Compares the principles of Keynesian economics with classical theory
Demonstrate the Keynesian model of income determination
Analyses the determinants of consumption saving and Investment

Sessions Topic		Learning resource	Value additions	Remarks
	MO	DULE I		
1	Main issues in Macro Economics	Discussion	Q & A Session	
2	Micro vs Macro economics	Discussion + QA session		
3	statics	Discussion		
4	dynamics	Discussion		
5	Comparative statics	Discussion + Lecture		
6	Circular flow – two sector	PPT + lecture		
7	Circular flow extended- 3& 4 sectors	PPT + lectue		
8	Stock and flow variables	Lecture		
9	Endogeneous and exogeneous variables	Discussion		
10	Macro economic Models	Lecture		
11	Identities and equations	Presentation		

12	National income definition importance	Discussion			
13	Concepts	Discussion	Quiz		
14	Measurement of NI	Discussion + Lecture			
15	Value added method	Discussion + Lecture			
16	Income method	Discussion + Lecture			
17	Expenditure method	Discussion + Lecture			
18	Social accounting method	Discussion + Lecture			
19	Limitations -NI accounting	Discussion + Lecture			
20	Real vs Nominal GNP	Discussion + Lecture			
21	Actual GNP vs Potential GNP	Discussion + Lecture			
22	Environmental Concerns-EDP	PPT + Lecture			
23	Green GNP	PPT + Lecture			
24	Net economic welfare	Discussion			
	MODUL	EII			
25	Classical Macro Economics	Discussion	Q & A Session		
26	Main principles	Discussion			
27	Says Law	Discussion			
28	Says Law in barter and money economies	Discussion			
CIA I					
29	Classical theory- without S & I	PPT lecture			
30	Classical theory- with S & I	Discussion			
31	Introduction of money & Prices	Discussion	Quiz		
32	The complete classical model	PPT + Lecture			
33	Keynesian attack on classicism	Discussion			

34	Wage cut solution- Pigou effect	Discussion		
35	Keynesian Revolution	Discussion		
36	Keynes approach	discussion		
37	The new Economics	Lecture		
38	Keynesian Tools	Lecture		
39	Keynesian theory of employment	PPT + Lecture		
40	ASF ADF and Effective demand	PPT + Lecture		
41	Consumption function	РРТ		
42	Psychological law of consumption	Discussion		
43	MPC APC, MPS, APS	Discussion		
44	Autonomous consumption and induced consumption	Lecture		
45	Technical attributes of consumption	Discussion		
46	Graphical illustration consumption function	PPT		
47	Algebraic treatment	Presentation	Quiz	
48	Numerical examples- problems	presentation		
49	Equilibrium level of income-two sector model	Presentation

PROGRAMME	BA ECONOMICS	SEMESTER	5
COURSE CODE AND TITLE	U5CRECO09: INDIAN ECONOMY	CREDIT	4
HOURS/WEEK	5	HOURS/SEM	90
FACULTY NAME	VINIL K V		

COURSE OBJECTIVE
Gather knowledge about Indian economy before
independence
Examine the demographic situation of the Indian Economy
Analyse the planning process in India
Develops knowledge about national income estimation of the country
Evaluates the development issues of the Indian economy

SESSION	TOPIC	LEARNING RESOURCES	VALUE ADDITIONS REMARKS		
	MODULE I: Indian Economy before Independence				
1	Structure of the Indian economy before the colonial period	Lecture	Printed notes		
2	Villages and towns	PPT/Lecture	Printed notes		
3-4	Industries and handicrafts	PPT/Lecture	Printed notes		
5	Indian economy during the colonial period	Lecture	Printed notes		
6	Land tenure system	PPT/Lecture	Printed notes		
7	Economic consequences of British rule	Lecture	Printed notes		
8	Drain of wealth	Lecture	Printed notes		
9-10	Impact on Agriculture	PPT/Lecture	Printed notes		
11-12	Impact on industry	PPT/Lecture	Printed notes		
	MODULE II: Demograp	ohic Features			
10	Theory of demographic transition	Lecture	Printed notes		
11-13	Demographic features of India	PPT/Lecture	Printed notes		
14	Population size and structure	PPT/Lecture	Printed notes		
15	Gender and age characteristics	PPT/Lecture	Printed notes		
16	Rural – urban migrations		Printed notes		
17	Occupational distribution	PPT/Lecture	Printed notes		
18	Problems of over population	Lecture	Printed notes		
19	Population dividend	Lecture	Printed notes		
20-23	National population policy 2000	Lecture	Printed notes		
24-26	Gender inequality	Lecture	Printed notes		
27-30	Women empowerment	PPT/Lecture	Printed notes		
31	CIA I				
	Module III – Planning and reform	ns in Indian e	conomy		

32	Objectives of planning	PPT/Lecture	Printed notes
33-35	Achievements and Failures	PPT/Lecture	Printed notes
36	Inclusive growth	PPT/Lecture	Printed notes
37	NITI Aayog	Lecture	Printed notes
38	New Economic Reforms	Lecture	Printed notes
39	rationale behind economic reforms	Lecture	Printed notes
40	Liberalization - Advantages and drawbacks	Lecture	Printed notes
41	Privatization - Advantages and drawbacks	PPT/Lecture	Printed notes
42	Globalization - Advantages and drawbacks	PPT/Lecture	Printed notes
43-45	Disinvestment of PSUs	PPT/Lecture	Printed notes
46-48	India as an emerging economy.		Printed notes
	Module IV- National Income and	l Development 🛛	Issues
49	Trends in India's National Income	PPT/Lecture	Printed notes
50	Magnitude of poverty and inequality in India	PPT/Lecture	Printed notes
51	Unemployment	PPT/Lecture	Printed notes
52	Black money and corruption	Lecture	Printed notes
53	Cyber crimes	Lecture	Printed notes
54-55	Rising prices	PPT/Lecture	Printed notes
56-57	Energy crisis	PPT/Lecture	Printed notes
58	Micro finance and its significance	PPT/Lecture	Printed notes
59	Role of infrastructure	PPT/Lecture	Printed notes
60 - 69	Seminar		
70	CIA II		
71-90	Revision		

NDIVIDUAL ASSIGNMENTS

	Date of completion	Topic of Assignment
1	02/10/2016	Analyse the demographic situation of India in the light of economic review 2019 and recommend action plan for the same
2	28/10/2016	Evaluate the method of national income calculation in India and describe the advantages and disadvantages of the same.

PROGRAMME	BA ECONOMICS	SEMESTER	5
COURSE CODE AND TITLE	U5OCE: FOUNDATIONS OF ENVIRONMENTAL ECONOMICS	CREDIT	3
HOURS/WEEK	4	HOURS/SEM	72
FACULTY NAME	Nabila M		

Course Objective
Analyses the economy-environment interactions
Examines the importance of eco system and bio diversity from
economic point of view
Analyses the environmental degradation from mark failure point of
view
Explain the valuation of environmental damages

SESSION	ΤΟΡΙϹ	LEARNING RESOURCES	VALUE ADDITIONS REMARKS
	MODULE I		
1.	Introduction to environmental economics.	Lecture/ PPT	Q & A Session
2.	Definition and scope of economics	Lecture/ PPT	
3.	Definition and scope of economics	Lecture/ PPT	
4.	Economy- environmental linkage	Lecture/ PPT	
5.	Economy- environmental linkage	Lecture/ PPT

PROGRAMME	BA ECONOMICS	SEMESTER	5
COURSE CODE AND TITLE	U5CRE0 - ECONOMICS OF FINANCIAL MARKETS	CREDIT	4
HOURS/WEEK	4	HOURS/SEM	90
FACULTY NAME	ME DR. SIBY ABRAHAM		

Course Objective

Understand the basics of Indian financial system and the functioning of Indian money market and capital market.

Understand the importance of the financial system in directing the use of scarce capital. Evaluate the use of major instruments and components of money market and capital market

Develop knowledge and familiarity with internet-based trade and transactions

Apply knowledge of financial market in day-to-day transactions and investment decisions.

SESSION	ΤΟΡΙϹ	LEARNING RESOURCES	VALUE ADDITIONS	REMARKS	
	MODULE I				
1	Introduction to the syllabus	PPT			
2	Financial Institutions	PPT/Lecture	Quiz		
2	Monetary (banking) financial intermediaries	PPT/Lecture			
2	Non-monetary financial intermediaries	PPT/Lecture			
2	Insurance companies	PPT/Lecture			
1	Pension funds and provident funds	PPT/Lecture			
2	Mutual funds	Lecture	Video		
1	Investment banks	Lecture			
1	Unit trusts	Lecture			
1	Asset Management Companies	Lecture			
2	Venture capital funds	PPT/Lecture			
1	Primary and secondary securities	PPT/Lecture			
1	Gilt-edged securities	PPT/Lecture			
1	Revision				
	MODULE II	•			
1	Financial market - introduction	PPT/Lecture			
2	Money Market	Lecture			
3	Capital market	Lecture	Quiz		
2	Developed and underdeveloped money markets	Lecture			
1	Advantages of developed money market	Lecture			
1	London and New York money market	PPT/Lecture	Video		
3	Major financial instruments in the money markets	PPT/Lecture			
2	Money market in India	PPT/Lecture			
2	Rural money market in India	PPT/Lecture			

2	Role of RBI in Indian money market. Lecture			
1	Role of DFHI in Indian money market.	Lecture		
1	CIA-1			-
1	Revision	Q&A, Disc.		
3	Seminar sessions			
	MODULE III	•		-
1	Capital market-meaning and composition	PPT/Lecture
