Event Report

The Department of Botany organised a seminar on the Rice Varieties of Wayanad. Students were made aware of the different indigenous varieties of rice and the need to protect and develop more. The resource person highlighted the importance of collection, conservation, preservation and production of new varieties of rice. He also credited the people who spent their whole life in collecting and preserving these rare varieties. Dr. M.S. Francis Head of the Department of Botany highlighted the importance of organic products and the role it has in bringing down diseases. He also urged the students from refraining from the culture of fast food.
