Event Report

Dr. B Hariharan, Professor at the Institute of English, gave a talk on Research Methodology on August 13 2018. The postgraduate students, research scholars of the department and the final year Undergraduate students attended the lecture. Being a research guide for years, he talked from his rich repertoire of research experience. He considered intellectual openness and the sustained interest to explore new avenues of knowledge as the prerequisites for research scholars. As an expert in Canadian Literature, he also took his audience to that rich literary landscape.
