Event Report

The Department of Zoology conducted an exhibition for school students and the public by throwing open the zoology museum. The diversity of animal life was showcased to the students thus giving the students a realistic experience of the information they found in their textbooks. Students from the nearby schools visited the museum and gathered valuable information related with animal diversity. The doubts and questions from the students were clarified in a satisfactory way by the final year Bsc Zoology students. students expressed great curiosity about the exhibits. The skeleton of an elephant and a whale were the major attractions of the exhibition. Students from the science and humanities departments of the college also made use of this opportunity.
