Event Report

The Creativity Club of Sacred Heart College was inaugurated on 1 December 2015, thus giving a venue for the young artists of our college to express their ideas through paintings with utmost priority being given to skill development. The members of the club did a mural painting portraying Jesus of the Modern Era, thus opening up a new dimension. Various initiatives such as campus beautification, wall decorations etc. were undertaken by the students and they were evaluated by well-known artists and necessary insights were provided.
