Event Report

As part of Digital India programme, the concept of cashless economy is centered around the vision of transforming the country into a society, which is digitally enabled and empowered by several modes of cashless transactions. The new cashless revolution ignited by this move has gradually started changing the mindset of people, who were mostly dependent upon currency notes for making their transactions.

In view of this, the PG & Research Department of Commerce did organize a national conference on the topic “**Digital Money; Future and Possibilities**” on 9th February, 2017 at Fr. Melisius Hall. The conference was inaugurated by Dr. V. A. Joseph, former Managing Director and Chief Executive Officer, South Indian Bank. Reverend Fr. (Dr.) Prasanth Palackappillil CMI, our beloved principal presided over the inaugural ceremony. Dr. Mathew Jose .K, Dean and Head of the PG & Research Department of Commerce felicitated the gathering.
