Seminar on the occasion of Statistics Day

Title:	Seminar on the occasion of Statistics Day
Date:	29.06.2016
Venue:	College Premises
Focus of the Event:	Skill Development
Organizing Body:	Department of Mathematics
Total Number of Attendees:	36

Event Report

The Department of Mathematics observed National Statistics Day, celebrating the science of analytical data. They raised awareness regarding the importance of statistics in everyday life by organising an exhibition in the college premises which presented statistical data of the world around us, which we tend to ignore. It granted the students a wider perspective on the impact that little things have on greater fabric of life. They also exhibited the life and achievements of popular statisticians like David Cox. The event intended to spark an interest in data analysis and the study of data, which is quickly gaining currency in this information age. The students showed great interest in the exhibits, especially the ones that brought attention the statistical analysis of everyday objects.
