This is to inform that K Chittilappilly Foundation has associated with National Service Scheme Unit of Sacred Heart College Thevara in the promotion of cadaver organ donation by conducting a programme at the college auditorium, where the close relatives of the organ donors were honoured for their noble deed of donating organs to save the lives of many patients waiting for the organ transplantation. The programme was very useful to students and public to create the awareness about cadaver organ donations.

We would like to place our record of appreciation for the service rendered by the students and staff of the NSS unit of the S H College, Thevara to organise the programme..

We wish them all success.

A handwritten signature in blue ink, appearing to read 'George Sleeba'.

Dr George Sleeba
