Workshop on Computational Chemistry

Date: 14th March, 2017

Venue: Audio Visual Room, Science Block

Postgraduate Department of Chemistry established in the year 1966, has completed 50 successful years in its pursuit of excellence. Blessed with highly qualified faculty who are actively engaged in research, the department has always taken steps to empower its primary stakeholders with the latest developments in the field of science, especially related to their subject. The department encourages its students to do project work in reputed institutes and provides proper career guidance, thus enabling them to mould their future in the most rewarding way. We also organize visits to outstanding research institutions so that our students develop a passion for higher studies in Chemistry. Our students also excel in co-curricular and extra curricular activities and have won best paper awards at national seminars. In all our endeavors we are fortunate to receive unstinted support from the authorities of the college.

Dr. Abi T.G., Assistant Professor Department of Chemistry of S.H. College, Thevara, has done his PhD from IIT Kharagpur, with research specialization in Computational Chemistry. He already has more than half a dozen international publications in reputed journals. He was the coordinator of the Science Academics Lecture workshop on Computational Quantum Chemistry organized in January, in association with Indian Academy of Sciences, Indian National Science Academy and the National Academy of Sciences. He is also the recipient of two best paper presentation awards at national conferences.
