To,

Prof. (Dr.) Jinu George
Department of Chemistry
Sacred Heart College
Thevara

Subject: Thank you for delivering the lecture on “New generation anti cancer drugs utilizing marine biocompatible resources”

Dear Prof. (Dr.) Jinu George,

I am writing this letter to express our immense pleasure that you have kindly accepted the invitation to deliver the lecture on the very important subject area of “New generation anti cancer drugs utilizing marine biocompatible resources”. Your lecture has been highly informative, and I am confident that the participants were benefited from your lecture on the very important area of new generation anti cancer drugs utilizing marine biocompatible resources.

We are extremely privileged and honoured to have you as the esteemed speaker in the Refresher course at CMFRI.

I am confident that your visit at our Institute will facilitate the establishment of collaboration program that will benefit both of the institutes in our efforts to work in the frontier area of drug discovery from marine organisms.

With warm regards

Sincerely yours,
(Kajal Chakraborty)
