

### **WORLD OCEAN DAY CELEBRATIONS 2014 (10/06/2014)**

An informative talk was conducted in connection with World Ocean Day on 10/06/2014. The talk was organised by the Aquaculture department of Sacred Heart College, Thevara. Fr. Prasant Palackkapallil, Principal, Sacred Heart College addressed the gathering. The talk on World Ocean day was delivered by Dr. George V. C. World Oceans Day is celebrated every year on June 8. Oceans form around 70 percent of the world's surface and help in maintaining the earth's temperature. They consist of 97% of the Earth's total water. The Oceans day is observed to inform people of the impact of human actions and develop a worldwide movement of citizens for the ocean. The objective is to mobilize and unite the world's population on a project for the sustainable management of the world's oceans. The talk was followed by Q&A session and the students participated actively in the discussion Dr. Anna Mercy delivered the vote of thanks.
