Dear colleagues,

Thank you for joining or for renewing your 2019 membership in the American Arachnological Society, or, for Life Members, thank you for being Life Members!

You are receiving this email from my university account because I suspect many of you haven't received emails I've sent over the last week from american.arachnology@gmail.com. If you have not received any emails from me/from that email address in the last several days, please check your spam folders! I sent the new username and password to access *Journal of Arachnology*, and I sent a list of membership benefits.

Thank you for your time!

Best regards, L. Brian Patrick (AAS Membership Secretary)
