CERTIFICATE OF ATTENDANCE

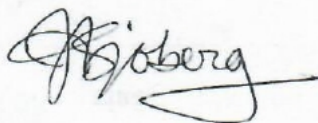

65th ASMS Conference, June 4 – 8, 2017

This is to certify that **June Cyriac** attended and presented a proceeding at the 65th ASMS Conference on Mass Spectrometry and Allied Topics in Indianapolis, IN, USA.

Title: Collision Activated Dissociation of Protonated Dibenzyl amine and N-benzyl-1-phenylethyl amine involves Ion/Neutral Complexes: A DFT Study

Author and Presenter: June Cyriac

ASMS was formed in 1969 to promote and disseminate knowledge of mass spectrometry and allied topics. Membership includes over 6,500 scientists involved in research and development. Members come from academic, industrial and governmental laboratories. Their interests include advancement of techniques and instrumentation in mass spectrometry, as well as fundamental research in chemistry, geology, biological sciences and physics. Further information on the activities of ASMS are available on the web site: www.asms.org.
