Mammals and Herpetofauna in Kerala”**

The animals and plants that live in the wild have an intrinsic value and contribute to the ecological, genetic, social, economic, scientific, educational, cultural, recreational and aesthetic aspects of human well-being and to sustainable development.

Wildlife Week is annually celebrated across India between 2nd to 8th October with an aim to protect and preserve the flora and fauna of India. Department of Zoology is blissed to showcase our “Young Naturalists” through a series of webinars to celebrate Wildlife Week 2021. The list of speakers is exclusively the alumni and research scholars of the department who possess innate love for the nature and its diversity.
